Landscape Bargello Quilt-As-You-Go Workshop

Ann Lauer Instructor

2 day workshop for intermediate to experienced quilters

Create an artistic quilt that brings the beauty of Montana into your home.

Students choose to make one of the following patterns in the workshop:

Early Snow

Autumn Splendor

Gathering Storm

Mist in the Mountains

Woodland Retreat

High Country Spring

Moon Shadows

Rugged High Country (from the *Beautiful Bargello* book)

These artistic and unusual landscapes appear difficult and complex but are easily created by combining 2 techniques: bargello quilt-as-you-go and fusible appliqué. This is truly a fun workshop! Students sew strip sets, cut segments and are amazed to see the landscape background take shape as they begin shifting the segments. Quilters will be enchanted at the ease with which they are able to create bargello pictorial landscapes using the quilt-as-you-go technique that keeps all the seams stabilized and enables them to successfully complete the quilt. Add the fusible appliqué and embellishments ... presto, the quilt is transformed into a landscape! AND it's finished!

The basics of all of the above listed patterns are the same but each has a different twist that makes it unique. The variations in each pattern will be demonstrated and discussed so that after the workshop, students will be able to make any of the other designs on their own.
